

A stone staircase leads up to a bright light in a cloudy sky. The staircase is made of grey stone steps and is set against a background of a blue sky with white clouds. A bright light source, possibly the sun, is visible at the top of the stairs, creating a lens flare effect. The overall scene is ethereal and suggests a path to heaven.

## **Book Summary:**

One way that God communicates with His people is through dreams and visions. Joseph received dreams from the Lord about his future destiny. Ezekiel received a vision of living creatures with living wheels that had four faces. Daniel told Nebuchadnezzar what his dream was and also gave the interpretation of the dream. The disciple John, while isolated on the island of Patmos, heard the words, "Come up here" from the spirit. He was translated to a heavenly realm where he received the sweeping panorama of visions concerning the end of days.

In this book are a series of visions received over the past 15 years. At the time each vision was received, it was meant for me personally, to apply in my own spiritual walk. Each one deeply impacted me and was unforgettable and life changing.

Virtually every vision came with scripture, to "ground" it in the Word of God. There is a kingdom principle that can be gleaned from each vision as well as a practical life application. I pray that in sharing these visions with you, that you get a "glimpse" into the Hallways of Heaven and that they impact you in a profound way to have a closer walk with Yeshua our Messiah.

*But because of his great love for us, God, who is rich in mercy, made us alive with Christ even when we were dead in transgressions—it is by grace you have been saved. And God raised us up with Christ and seated us with him in the heavenly realms in Christ Jesus.*

## Chapter 1: Plowing the Rows

In the spirit, I saw myself driving a big tractor. I was very focused on plowing straight rows. I would come to the end of a row, turn the tractor around, then start the next row, turn around, then start the next row. I had been doing this a very long time (six years). It had become rote, mechanical, almost mindless work.

Then, all of a sudden, the tractor broke down. I fell off the tractor and landed in a swamp. I am covered in slime and goo. It's quicksand and it is quickly sucking me down.

Then I see Yeshua and He approaches me and throws me a rope and begins pulling me out of the quicksand. I rise to stand up and he leads me to the edge of the swamp. I am covered in swamp slime.

"Now what, Lord?"

"Be still. Wait. Let me clean you up."

I am so ashamed. I have been plowing rows all this time—in a swamp. Yeshua, forgive me. I repent in ashes and dust.

He encourages me and says, "You see that big beautiful field over there? It's white for harvest. You will get to work in that field soon. You have a big crop coming Laura. Just continue to wait on me, let me clean you up, and then you can go work in that other field over there."

**Kingdom principle:**

Sometimes we can start out on the new venture, task or project and the Lord leads us there. But then, we can sometimes fall into "auto pilot mode" and we stop asking and seeking and inquiring of the Lord, do you still want me here, doing this? When we don't ask anymore, then our efforts may become fruitless, like plowing furrows in a swamp.

Keep inquiring, asking and seeking of the Lord daily, even hourly.
